

Pastor's Message  
September Newsletter

My prayers for everyone this month as many new things begin since school has begun.

This month, the churches of Neighbors in Christ are blessed with the WOW religious education ministry program that started on Wednesday, the fourth.

The WOW religious ministry has an exciting program of learning and fun ahead for young people in our churches and in our communities. Many young people are excited to gather again this month.

I am excited that these young people may come to know the Lord and love the Lord.
